

# Sands-Constellation Center for Critical Care

## Women and Babies Care Center

FLOOR **3**

The third floor features collocated neonatal and maternity services, providing vital care for babies and new mothers, whether it's highly specialized or standard care.

- The RGHA Twigs Neonatal Intensive Care Unit includes 14 private rooms for babies with special care needs, providing families with a new level of care and comfort, while enhancing infection control.
- The Postpartum Suite has 20 private rooms with plenty of space to ensure a family-centered environment for mother and baby.
- A NICU family lounge provides a comfortable place for families to find respite during a hospital stay.

See reverse side for named gift opportunities. >>
